# Our Invitation

## The 1954 Iowa Royal

We most cordially invite everyone interested in good livestock to attend the Iowa Royal of 1954.

We have 38 of the finest, selected mature bulls, some with show records, that have ever been assembled for an Iowa Shorthorn sale.

Their bloodlines are the most popular of the day and they are the kind that will breed deep bodies and natural thickness on their calves which is far cheaper than to feed it on.

The females represent the choicest bloodlines and most approved type ever offered at the Iowa Royal. They are and will be great beef cows that will surely contribute their half to the inheritance of superior beef calves.

We feel that the purebred beef cattle business has stabilized and indications are that prices and demand are getting stronger, especially for good Shorthorns. However, more attention is being given quality than ever before, and **QUALITY PLUS** is what we have to offer at the Iowa Royal.

Spend a day at the Iowa Royal. See, inspect and talk good Shorthorns. Help generate a world of Shorthorn enthusiasm.

We welcome all breeders, ranchers and farmers from Iowa and many other states who have been attending the Iowa Royal in greater numbers each succeeding year.

Plan to attend. We would like to show our hospitality and give you every service we possibly can.

The females he sired have been top producers in all the herds they have become a part of. This bull has weight for age, a good head, and top line, with the depth of body carried out through his bulging quarter. Sons of M F Supreme 12th have been good enough to meet the approval of many good Shorthorn men that have used them.

We have used this bull on all the females which were not too closely related to him. Has extra good disposition and is a bull that with proper fitting will make a hard bull to beat this fall at the shows.

Grand head, short neck, width over the top, depth of body and hindquarter, full through the heart girth with a covering of smooth mellow flesh, very heavy flat bone on short legs that come out on each corner of his deep, wide body. He stood first in the summer yearling class at the 1953 Iowa State Fair, as well as a member of our winning groups. Also stood 5th at Chicago and was again in top groups. Few, if any better bulls will be sold anywhere this year.

**DUQUESNE RADIANT**—Is one of the best bulls we have ever produced. He is a very dark red bull with a tremendous amount of strength and character about the head, neck and bone. Also very thick and smooth fleshed with plenty of depth. If this bull keeps developing at his present rate, he should be a definite asset to the Shorthorn breed of cattle. Note the outstanding ancestors, Cruggleton Elvin and Braemar. The late A. J. Marshall said Elvin and Braemar were two of the best three bulls he ever owned. The granddam, Freda Rosebud, produced Leveldale Freda Rosebud, grand champion female at Iowa and Indiana State Fairs in 1953. Also reserve champion at Illinois and Kentucky. She sold for \$4,000 in the '53 Leveldale Sale. His dam is a granddaughter of the Perth Champion, Royal Rothes. Can heritage of this nature be beat?

1834399  
Roan, Merryvale Farm

DUQUESNE JUSTICE is a dark red, very wide, thick fleshed and an extremely deep, thick-quartered bull. He has been the best doing calf of the '52 calf crop. Again notice the great sires in his pedigree, Cruggleton Elvin, Braemar and Assheton, also, but certainly not the least, the ever popular Supreme Goldfinder backing this bull on the dam's side. His granddam, Freda Rosebud produced the many times champion heifer, Leveldale Freda Rosebud who later sold for \$4,000 in the '53 Leveldale Sale. A great pedigree of an outstanding young bull. Don't miss him sale day.

**HELPRED COUNTESS 2d**—A granddaughter of our great producing cow, Farmingham Countess by Sunray. Ask any breeder who has owned a female of this family and they will tell you they are the best producing family of the breed for producing both outstanding bulls and females, regardless of what bull they are mated to. Her dam is sired by a son of the Denver Champion, Divide Corrector by Duke of Killearn out of a full sister to the twice International Grand Champion female, Rosewood of Helfred 4th. She is pre-tested clean and vaccinated for Bangs, and bred to Killearn Conquest 28th.

VICTORIA GOLDFINDER carries a rather fancy pedigree and if you will look her over on sale day I think you will agree that she deserves it. She is a breed looking heifer and was bred on October 1, 1953 to Uehlamar General, a very good red bull that is a grandson of Calrossie Supreme and Klaimoor Footprint, two of the good breeding bulls of this generation. If you already have a good herd she will make a good addition to it. If you are starting a herd, she will certainly make a very fine foundation female.
